BAPTISMAL CEREMONIES .- Rev. Father Garesche will baptise a number of persons at St. Peter's Church to-night. He will deliver a sermon upon the occasion. •

FISHING EXCURSION.—The excursion of the steamer Samson yesterday, to the blackfish banks, was in every way delightful. Many of our business men went, caught as many fish as they wanted, and altogether enjoyed themselves hugely.

FATHER GARESCHE'S LECTURE. -The Cathedral Chapel was thronged last night to hear the lecture of Father Garesche on the subject of "Transubstantiation." The lecturer handled his subject in his usual able manner. To-morrow night he will deliver another lecture. Subject: "Infallibility of the Church."

GRAVES OF TWO CONFEDERATE SOLDIERS .-Near the Scott's Hill Church, twelve miles from Wilmington, are the graves of two Confederate soldiers, upon the head-boards of which are the following inscriptions: J. M. Easters, Company C, 18th Regiment, S. C. Volunteers; died February 22, 1863. John A. Mann, Company H, 8th Regiment, N. C. State Troops; died July 11, 1863.

IMPORTANT MEETING .- An extra meeting of the German Rifle Club will be held at Lindstedt Hall, to-morrow evening, at 8 o'clock. This meeting is one of great importance to the members, and there should be a full attendance. A large number of communications will be submitted for the action of the meeting, and officers for the ensuing year will be nominated.

STATE MILITIA.-It was reported on the streets yesterday that Lieutenant Taft, of the police force, would receive the appointment of colonel of the First Regiment (Charleston County) militia, and Joe Green the appointment of major Beverly Nash, State senator from Richland County, has been appointed colonel of the Second Regiment of militia.

A RARE CHANCE TO GET BEAUTIFUL CHRO MOS .- We have the authority of a disinterested oisseur for saying that neither in this country or in Europe is there to be found a more choice collection of exquisite chromos than that to be sold at auction by Leitch & Bruns, next Monday, at the Art Gallery of Quinby & Co., King street, opposite Hasel. The pictures are now on exhibtion, and will well repay a visit.

BURNED TO DEATH .- The Cheraw Democrat says that on last Tuesday evening, at Mr. Geo. A. Malloy's plantation, a colored child, the daughter of Patrick Fleming, was burned so badly that it died in five hours afterwards. Her mother was in a field near by, working at the time, and alarmed by the screams of the little unfortunate, hurried to the house, but arrived too late to save it from fatal injuries.

How to Make Ice Last .- To make a little tice last a long time, get a double pocket of strong woollen cloth, have a space of two inches or so between the inner and outer pockets, and pack this space as full as possible with feathers—hen's feathers will do. With a pocket thus constructed and kept closely tied at the mouth, a few pounds of ice may be kept a week. As ice. will be pretty dear this summer, this knowledge may prove important.

SENTENCED.-It will be remembered that a short time ago the jury of inquest upon the body of a colored man found that the deceased had come to his death from tubercular consumption, and were of the opinion that the death was olored man named Alex. Hamilton, who pracwes medicine. Hamilton was then arrested an mitted to jail. Yesterday he was arraigned efore Trial Justice J. G. Mackey upon the charge of practicing medicine without a license. H was found guilty, and sentenced to pay a fine of fifty dollars.

UNITED STATES COURT.-HON. GEORGE S. BRYAN, JEDGE, PRESIDING .- The following bustness was disposed of in the United States Circuit and District Courts yesterday. District Court.—Ex parte Thomas J. Lamotte, in re the Laurens Railroad Company. Petition

for involuntary bankruptcy. The company hav-ing failed to show cause, were adjudged in bankruptcy, and it was ordered that George W. Waterman be appointed provisional assignee until the election of one, and that he take charge of all property of the bankrupts; also ordered that the said petition and proceedings be referred to Registrar Jaeger, and that on or before the 18th of June, the provisional assignee shall file with the assignee a duplicate copy of the petition and the

Circuit Court .- In the case of the United States ws. Alfred Huger, an additional order amending a former one was made.

AN OLD MERCHANT VICTIMIZES THE MER-CHANTS OF SAVANNAH .- Day before yesterday the Savannah community was more than shocked, it was actually fermented, by the discovery of immense forgeries on the part of Messrs. Epstein & Einstein, a well established dry goods firm, carrying on business at No. 149 Congress street. As soon as the forgeries became known Epstein fied, but Einstein was arrested and gave ball in the sum of \$6000; but he denies any knowledge of the forgeries. When Einstein was arrested the goods of the arm were levied upon. The stock though large, is not sufficient to cover the losses, which It is believed, will amount to almost \$70,000 However, losses footing up over \$40,000 have been discovered. Parties who seem to know, state that this system of forging on the part of Epstein has been going on for a year or more, his plan having been to pay his obligations promptly, ch payment running him, however, still deepe into the slough of defalcation and conseque ruin. It is believed that most of the money was lost at the gaming table. The whereabouts of Epstein is not known, but many believe that he is still to Savannah.

FOSSILS AND THEIR USES .- The large num her of valuable fossil bones, besides fossils of other kinds, dug out every day from the phosphate mines of South Carolina, ought as far as practicable to be deposited in the museum of the Charleston College, the only museum of natural history in the Stars. Many specimens are given away which are of great scientific value, and unless the fossils are sent !iberally and regularly to the museura, that institution has no means of exchanging them for the fossils or minerals of other coun tries. It is desirable, of course, that the fossils from the phosphate beds should be found in every public and private collection, but we ought to have something in seturn, and the Charleston Museum can obtain many choice specimens if it be made the agency for exchanging and distributing the South Carolina fossils. The presidents of the various phosphate companies are therefore asked to assist in securing these fessils for the museum. A special room is deveted to their reception, and they cannot come in quantities larger than will be received. With every specimen or collection of specimens there should be a written memerandum, containing the name of the locality from which it was exhumed, and the donor's name in full. These names will be preserved with great-care at the museum, not merely as a mark of respect to the donor, but also be cause such memoranda constitute a large part of The real value of the specimens, in a scientific point of view.

REFORM.

Mass Meeting at Wassamasaw

A mass meeting of citizens of St. James's Goose Creek Parish, who are interested in Reform and Retrenchment, is called to meet at Wassama saw Chapel on Wednesday. 1st day of June, at 10 o'clock A. M., to appoint delegates to the convention in Columbia on June 15th next, as proposed by the Press Conference. Every good and honest man knows and feels the great importance of Retrenchment. Duty calls. Let us respond cheerfully and promptly, and add our mite to the great move for honest and econonical government.

yesterday. He had been ill for some time. The steamer Dictator has been taken off the Florida line for the summer.

The property at the corner of Pitt and Beaufain streets, advertised by Messrs. Leitch & Bruns to be sold at auction to-day, has been sold privately.

THE SUPREME COURT .- The decision of the Supreme Court has been filed in the case of W. R. Burgess vs. W. R. Carpenter. This was an action brought to recover damages which plaintiff claimed to have sustained by reason of a gunsho wound charged to have been inflicted by defendant upon one Henry Burgess, who was a contrac tor with plaintiff in common with other persons for a share of the crop, which all parties to the contract were laboring to raise at the time the gunshot wound was said to have been inflicted upon the said Henry Burgess. The court held, (Justice Willard dissenting,) that on the statet of the plaintiff he had no cause of action; it made no difference at what stage of the case the judge below ordered a non-suit, and his interposition stated in the brief did not prejudice the plaintiff.

COMPLIMENTARY RESOLUTIONS .- At the last regular meeting of the Phœnix Steam Fire Company the following, among other resolutions, were passed:

were passed:

Resolved, That the Phonix Steam Fire Engine Company, of Charleston, South Carolina, have been deeply impressed with the warm welcome, cordial greeting and generous attention of their friends and brother fremen of the Metropolitan Steam Fire Engine Company, of Savannah, Georgia, on the occasion of our recent visit to their city, in response to their kind invitation. That their unbounded hospitality and kindness calls forth our sincerest gratitude, and will ever make us remember the happy occasion as one of the pleasantest of our fireman's life.

Resolved, That our heartfelt thanks and acknowledgments are due and are hereby tendered to the officers and members of the "Metropolitan," and especially to the Committee of Arrangements, for their constant and untiring our stay in Savannah, and that as a mark of our appreciation the name of T. A. Maidox, president of the "Metropolitan." be placed upon the honorary list of our company.

Resolved, That the sincere thanks of our company be returned to the "Metropolitan" for the hand some silver service presented to us, and the same will be preserved as a memento of the hap by and pleasant occasion their hospitality and py and pleasant occasion their nospitality and generosity enabled us to enjoy. Resolved, That to the entire Fire Department of Savannah, Georgia, our acknowledgments are due, and we tender to them our sincere thanks for the kind interest manifested and the cordial welcome extended to us Savannah.

DOWN WITH THE DUST .- The following petition has been addressed to the president and directors of the Street Railway Company, and will receive, it is hoped, their early and favorable eration. The dust raised by the cars is a nuisance to the householders on Rutledge street and Rutledge avenue, and, to our knowledge prevents many persons from riding in the cars at all. At times the cars are filled with a cloud of dust so thick that the panting passengers can to be kept up to a healthy standard by a remedy ardly see from one door to the other, and the company owe it to the public, it seems to us, to make travel on their line more pleasant than a flying trip across an African desert:

CHARLESTON, May 17, 1870. President and Directors of the City Rails

way Company:

To the President and Directors of the City Eatle way Company:

GENTLEMEN—We beg most respectfully to call your prompt attention to a nuisance existing on your line of road through Ruiledge street and Rutledge avenue to Line street, caused by the immense clouds of dust arising from the constant travel of cars over the tracks of the road, thereby not only being a great source of annoyance and discomfort to the patrons of the road, but also very detrimental to the property of those who are resident along the line.

It is in the power of the company to obviate this nuisance, by having the spaces between the tracks watered, (as is successfully done at Savannah and other piaces,) at a trifling expense to the company, by fitting up a tank on the truck used by you for the transportation of grain, &c., (which can be supplied with salt water from Bennett's pour earliest attention, and thereby relieve us from a nuisance that is becoming, day by day, more intolerable, and which tends not only to depreciate the value of property on that portion of your line of road, but also prevents comfortable and convenient travel, and thus diminishes the receipts of the road.

This can be done by you at little cost, and will result in mutual advantage to those who own and those who use the road.

Very respectfully,

hose who use the road.

THOSE DOLLAR MEERSCHAUMS .- Lorenzt, the enterprising tobacconist, at the corner of King and Wentworth streets, can't be beat in the line of cheap and beautiful pipes by the Dollar Store, "or any other man." An inspection of his stock will afford ample proof of this fact.

BUSINESS ENVELOPES.—THE NEWS Job Office s now prepared to furnish good envelopes, with cards printed thereon, at \$4 per thousand. Send your orders. Every merchant and business man should have his card printed on his

NEW GOODS AT VON SANTEN'S BAZAAR TO-DAY .- Dollar stores and fifty cent stores have been the rage at the North, and are now making a sensation in our good old town; but Mr. F. von Santen, next door to the Academy of Music, has devised a novelty in this line never known elsewhere, and calculated not only to be a great sensation, but also a great convenience. From his very extensive stock of toys and fancy goods he has made a judicious selection of articles valued variously at \$1, 50 cents, 25 cents and 10 cents, and arranged them in separate departments according to price, so that purchasers can see what suits their pockets, without the unpleasantness of asking the price of a clerk and finding it more than they care to spend. The articles thus arranged consist of many things useful and ornamental, which will compare in value and in price with the stock of the best retail fancy goods establishment in New York. To-day the show is very materially increased by a fresh importation of goods just received and now opened for the first time. Many of the fancy articles are of unusual beauty and attractiveness, and no one who has a present to make, or a house to adorn, or a child to please, should fail to pay a visit to-day to Von Santen's Bazaar, and see for themselves at what marvellously low figures they can gratify a reflued and even fastidious taste in such matters The various departments will be exhibited to all visitors, without charge, by polite and attentive clerks, and a spare hour cannot be more pleasant ly or profitably employed than by availing oneself of this invitation.

CHOICE IMPORTED BRUGS .- Dr. G. J. Luhn's drug establishment, corner of King and John streets, has already quite a reputation for the genuineness and purity of its medicines, both domes tic and imported. A large invoice of fresh foreign chemicals has just been received by the indefatigable proprietor. Physicians will do well to read the adver: isement in another column.

FOR EDISTO, ROCKVILLE, AND ENTERPRISE &c .- Attention is requested to the advertisement in another column of the steamer "Argo," to leave Accommodation wharf as above at 12 o'cloc this day. .

THE PIONEER STEAM FIRE COMPANY-TO THE CITIZENS OF CHARLES-TON: Would respectfully represent that the present condition of their apparatus and of their fl nances compel them to make that appeal to your iberality and public spirit, which has never yet been made in vain by the Fire Department of this city.

superiority of that standard vegetable restorative over all medicines that are merely tonics and nothing elsc. The effect of the ordinary astringent tinctures and extracts upon the bowels is ligastrons, and upon the depraved blood or bile they produce no beneficial effects whatever. In dyspepsia and liver complaint all the fluids and humors of the body are more or less infected, and he howels are of hadly constinated. An unmodified astringent-quinine for instance-does infinitely more harm than good in such cases. In HOSTETTER'S BITTERS, on the other hand, the stimulating and tonic elements are qualified with aperients and antiseptic ingredients. The fines laxatives and blood depurents in the vegetable kingdom are intermixed with those of a purely invigorating nature, and under the operation o this admirable combination, the three important processes of invigoration, regulation and puri fication go on together. The rapidity with which the disordered organization returns to its natural condition, under a course of the Bitters, is due to this cause. Every disturbed function of the body is favorably affected by the various properties of this comprehensive and well balanced preparation. As a general rule the bowels are more sub ject to irregularities, and the fluids more liable to become vitiated in spring and summer than in winter, and hence the Bitters are especially valuable as a spring and summer alterative, correc tive and invigorant.
